

Central Electric
Membership Corporation

A Touchstone Energy® Cooperative 

Thinking about making energy-efficient upgrades to your home? We can help!

The cooperative offers a **low-interest comfort loan** to members with approved credit for heat pumps, insulation, storm doors and programmable thermostats. Financing can be included as a line item on your monthly electric bill. Rebates are also available for energy-efficient heat pumps, heat pump water heaters and High Efficiency Residential Option (HERO) built homes.

Visit CEMCPower.com to learn more about available energy-efficient loans and rebates, as well as energy-saving tools and services that can help you become more efficient.
